

I wanted to send this letter of support for Kealy Dowd to attend and participate in the important work and support the mission and vision of MPESOC in the coming year. I am incredibly grateful for Kealy and appreciate his institutional knowledge both for MSUB and for MPESOC.

If you need anything from me, please let me know. We are excited for the next year and those that follow as MPSEOC is such an incredible partner!

Kind regards,  
Julie
