To the MPSEOC Membership:

It is my pleasure to recommend Anders Groseth for the MPSEOC Executive Board. As you know from your interactions with Anders over the years, it is hard to find a more dedicated, hardworking charismatic, and humble individual. Anders is a tremendous asset to Montana State University and to higher education in the state of Montana. He would be an amazing addition to the MPSEOC Executive Board.

I believe that the opportunity to be involved with the MPSEOC Executive Board would be a huge "win" for MPSEOC as Anders believes in and is dedicated to the mission of MPSEOC. When Anders is asked to do something, he always goes way above and beyond the call of duty to make sure it is done well and will take that into a position on the MPSEOC Executive Board! MPSEOC would be fortunate to have Anders serve on the Board.

As a former MPSEOC board member, it is critical to the organization and our state to have invested individuals on the board. I am confident that Anders will showcase that investment during this tumultuous time we are all experiencing as we work collaboratively towards the future of higher education.

Anders will be granted professional time to attend the MPSEOC Summer Conference, Executive Board Retreat and Executive Board meetings throughout the year as needed to support the needs of the MPSEOC Executive Board and MPSEOC Executive Director.

Please let me know if you have any questions or if I may provide further information.

**Mike Ouert**
